SECTION IV – DESCRIPTION OF CHAMPAIGN COUNTY

1. GENERAL INFORMATION

The County is a body politic and corporate created by the State of Illinois in 1833. The County is located in east central Illinois, approximately 135 miles south of downtown Chicago, Illinois. The County operates under the township form of government. The County’s 30 townships lie in eleven County Board districts. The two largest cities in the County are Champaign and Urbana, with 2010 census populations of 81,055 and 41,250, respectively. The County seat is the City of Urbana. As reported in the 2010 census, the population of the County is 201,081, which represented growth of 11.9% over the 2000 census, and placed Champaign County as the 10th largest county in the State of Illinois.

The governing body for the County is the Board, comprised of 22 members, with two members elected from each of eleven districts, and a County Board Chair who is elected by the Board from among its members. The Board also has appointed a County Administrator. Also overseeing offices of County government are the following elected county officials: Auditor, Clerk of the Circuit Court, Coroner, County Clerk, Recorder, Regional Superintendent of Schools, Sheriff, State’s Attorney and Treasurer. The County Treasurer is responsible for the receipt and custody of County funds, and as County Collector, is responsible for the collection of real property taxes.

2. BACKGROUND INFORMATION

The County Board has worked with the Champaign County Sheriff over the last two years to identify facility and programming solutions to address the capacity of the Champaign County Jail to provide appropriate adult detention space, based on the needs and requirements of today’s adult detention population. The County Board contracted with the Institute for Law and Policy Planning (ILPP) to provide a report with regard to these issues, and also appointed a Community Justice Task Force to...
investigate programming alternatives to reduce incarceration that could be developed and made available within this community.

In both the ILPP Final Report - http://www.co.champaign.il.us/JailAssessment/ILPP_CHAMPAIGN_COUNTY_FINAL_REPORT_09-24-13.pdf presented on September 24, 2013, and the Community Justice Task Force Report - http://www.co.champaign-il.us/CJTFReport.pdf, presented on June 25, 2013, there were recommendations to the County Board for the establishment of a Re-Entry Program in Champaign County, with the express goal of reducing recidivism among this population, which ultimately reduces the demand on the County Jail.

The purpose of this RFP is to seek proposals from qualified individuals and agencies for the development and implementation of a Re-Entry Program in Champaign County.

SECTION V – SCOPE OF SERVICES

1. RE-ENTRY PLAN DEVELOPMENT

The Champaign County Board requests proposals which will address the following recommendations in the development of a Re-Entry Program Plan:

- Proposer’s Recommendation regarding establishment of a Re-Entry Council as documented in the ILPP Report REENTRY Recommendations.
- Document strategies for identifying funding for a long-term re-entry program that extends beyond resources provided by the County, including participation by other appropriate governmental and service provider agencies, and funding provided through grants, contributions and/or other fundraising models.
- Document the target population your proposed program will serve including estimates of number of clients you anticipate could be served within the first 12 months of the program, and whether those clients are anticipated to be on parole from the Department of Corrections, inmates released from the County Jail, or both.
- Document the case management strategies to be utilized for discharge planning through ongoing mentoring and counseling services to be provided to program participants.
- Document strategies for identifying and potentially collaborating with other entities within the community who may be able to provide services as a component of the overall re-entry effort.

2. EVALUATION

The Proposer shall include a description of data that will be maintained and reported to enable the effective evaluation of the services provided through the Re-Entry Program. The Proposer should indicate how the proposed evaluation of services adheres to “best practices” and other industry standards relevant to the services evaluated. It is expected that regular reporting to the Re-Entry Council will be
provided, and that the Re-Entry Program will provide an annual Report to the County Board Justice & Social Services Committee regarding the outcomes and accomplishments achieved through the Program. Broad program goals should be included in the Response to this RFP, with the acknowledgement that specific program goals will ultimately be identified, monitored and evaluated by the Re-Entry Council.

3. TIMELINE

The proposer shall provide a timeline for the first 12-month period, indicating timing of specific actions that are anticipated to be implemented in that time period in the implementation of the proposal recommendations. This timeline is intended to include (but not be limited to) establishment of a Re-Entry Council, hiring of Re-Entry Program Staff, development of services to be provided, initiation of services to clients, additional funding recruitment, and program evaluation reporting to the County Board.

4. FUNDING

The proposer shall provide a funding request, identifying the specific expenditure requests, specifically delineated for Year 1, Year 2 and Year 3 of the proposed program. The County Board has identified approximately $100,000 to be made available for planning, development and implementation of a Re-Entry Program in its FY2014 Budget. Ongoing Funding beyond Year 1 is dependent upon approval of continued funding for this Program by the County Board in future County fiscal year budgets.

1. What experience and background do you have which you believe qualifies you for this appointment?

a. I believe that I have the background knowledge that would be helpful for serving on the board. I have a doctorate in developmental and child psychology (University of Kansas, 1979) and a career history in which my teaching and research has focused on children with disabilities, including emotional disorders, and their families. I have a very strong background related to serving children and adolescents with Attention Deficit Disorder (ADD and ADHD), learning disabilities, autism and behavior or emotional disorders. These children and youth often are in need of mental health services as are members of the family. Many individuals with these diagnoses are at risk for mental health concerns as adults because they may have difficulty in long term planning, in emotional self-regulation, in peer interaction and in maintaining a consistent pattern of employment.

b. My professional experiences as a professor, researcher and advocate for the past 30 years for children with special needs and their families also provides me with perspective and a passion for ensuring services are available. I have written and successfully acquired more than 20 grant awards from agencies that include, National Institute of Mental Health, U.S. Department of Education, Illinois State Board of Education, and Illinois Department of Human Services. The funding has supported research and development, personnel preparation, technical assistance and service delivery. This is a generalizable skill and I would look for opportunities to support funding of innovative models or services in our county, consistent with the Board’s strategic plan. I also have served in many leadership roles at the national level (president of three major organizations) and at the university level (department head, associate dean and dean). Currently, I direct several state funded projects that provide resources to families (e.g., Early Intervention Clearinghouse, http://www.eiclearinghouse.org) and I direct a doctoral training grant for students pursuing degrees in the special education field with an emphasis on early intervention and early childhood services. I am accustomed to participating in decision-making based on a clear review and discussion of information, as well as the need to insure all interested parties have provided their perspectives prior to making major decisions.

c. I have had a few community representative experiences in Champaign County. I served on the 708 board in the early 1990s after co-writing a proposal to support an interagency council for children birth to three with disabilities and their families; I subsequently served for 3 years on the DSC board as a parent representative. I served for three years on the Head Start Policy Council when the program shifted from Danville to Champaign Co. I have served on the parish council of my church and currently serve as the chairperson of the Human Rights Committee for Community Choices. I also served on the Crisis Nursery Program Committee for 6 years and served on the Birth to Six early childhood committee within the United
Way. At the state level, I serve on 2 subcommittees of the Illinois Early Learning Council. I am seeking an opportunity to become more involved at the community level as my national roles are coming to an end.

d. I intend to be a long term resident of the county, having lived here already 23 years. A member of my family has received services from agencies funded by the Mental Health Board and Developmental Disabilities Board. This has provided me with a perspective based on the consumer of services. I have recent experience with struggling to meet the mental health needs of one of my young adult children, following high school graduation last year. I made contact with many different service providers and agencies to determine his eligibility for services and the availability of services within both the DD and MH community.

2. What do you believe is the role of the board member and how do you envision carrying out the responsibilities of the board?

I understand that the board maintains a monthly meeting schedule, at least annually reviews proposals from local agencies and organizations that are seeking funds to provide services, expand services and to look at ways to innovate and collaborate across service providers and agencies.

My first year will be one of learning and listening and asking informational questions. I will need to become familiar with the mission of the Board, members of the Board and the constituents we serve, both at the agency level and at the service delivery level. I expect to review minutes and handouts from prior meetings, available on the website as a first step.

The Board members provide advice and recommendations regarding the funding of services. They also should serve as ambassadors of the board and become familiar with funding opportunities outside of the usual stream. Resources will continue to get tighter, but philanthropic foundations and organizations continue to fund innovative practices. I would hope to assist with developing relationships and assisting with grant proposal development.

3. What is my knowledge of the appointed body's operations?

I am familiar with the public records from the prior year. I have also monitored the Developmental Disabilities Board. I am not familiar with property holdings, staff, taxes and fees and would expect to quickly learn about those issues pertinent to the board's advisory role.

Dear Mr. Quisenberry and Committee Members,

I am asking that the recently created position of Champaign County Public Defender Investigator be reclassified from grade G to grade I (Senior Investigator). I am not seeking a budget amendment for increased salary. Please let me explain my request.

During the recent budget process, I created a job description for Investigator based on the template for the State’s Attorney Investigator (also grade G). I advertised the position, not knowing the quality of applicants I would get in terms of education and experience. Most of the 100+ applicants have no investigator, military or law enforcement experience. However, I interviewed the 6 most qualified individuals. All of them have significant law enforcement background and are either currently working in law enforcement or have recently retired from law enforcement. Some of them have been in law enforcement leadership positions for decades. These applicants are outstanding and would serve my department well. During the interviews, it became clear that none of them would accept the position of Investigator in grade G; they all would accept the position of Senior Investigator in grade I.

I respectfully ask that you refer this request to the Job Evaluation Committee for re-evaluation and possible reclassification. If reclassification were granted, I would ask that it take effect immediately upon approval by the full County Board so that I can hire the individual beginning in late January or the beginning of February 2014. If you have any questions or concerns, please feel free to contact me. Thanks.

Respectfully,

Randall Rosenbaum

RE: Workforce Profile - EEO

Every two years the County provides workforce information based on race and gender to the EEOC (Equal Employment Opportunity Commission). The data is grouped by Corrections, Nursing Home and All Others populations as recorded on the County’s payroll as of June 30th of each year posted.

The attached reports have specific information for each of the following years (2003, 2005, 2007, 2009, 2011 and 2013). However, the following is a summary based on the 2013 data compared to the 2010 Champaign County Census:

Comparison from 2013 to 2010 Champaign County Census:
- 5.49% above average for Black Employees
- 4.74% above average for White Employees
- -18.18% below average for Other Minority Employees
- -12.63% below average for Male Employees
- 12.63% above average for Female Employees
- Average workforce of 37.27% Male and 62.73% Female

This summary is based upon data produced and provided to the EEOC.

Thank you for your time and consideration.

October showed a slight increase in census, from 193.3 in September to 195.4 in October. Medicare was unchanged at 14.5 in September and 14.3 in October. Net income improved from -$66,740 in September to -$9,491 in October. Operating cash flow improved from -$5,767 in September to $51,482 in October.

**Statistics**
The overall census increased slightly from 193.3 in September to 195.4 in October. Despite the drop, 242 days is the third highest monthly total for conversion days in FY2013. November’s census is 193.8 with 12.8 Medicare. The daily census in November has ranged between 190 and 197, with a sharp rise from 190 on 11/21 to 197 on 11/30. The current census is 199.
Admissions picked up in November with a total of 27 admissions, of which 16 were Medicare admissions. Again, Discharges/expirations totaled 21 in November, which is down from 26 in October.

In FY2012, monthly admissions averaged 22.2 per month. The chart below shows monthly admissions between December 2011 and September 2013. Through October FY2013, the average is 25.5 per month.
Discharges, however, have been occurring at a high pace compared to FY2012. In FY2012, the average monthly discharges was 15.7, ranging between 8 and 22. The current monthly average is 19.4, ranging between 12 and 27.

The chart below illustrates the impact of the 936 conversion days in September. Also note the 242 conversion days in October and 310 conversion days in November. This skews the census by approximately 8 residents (8 more Medicaid and 8 less private pay) in October and 10 in November.
Net Income/(Loss)/Cash from Operations
October had a net loss of -$9,500. Adding back depreciation, cash from operations was $51.5k. On a year-to-date basis, cash is a positive $85k after adjusting for the $333k loan write-off in April.

Revenues
- Revenues increased from $1.073 million in September to $1.187 million in October, an increase of $114k. The conversion of 242 private pay days to Medicaid reduced revenue by $6,500, a much smaller adjustment compared to the $25k recorded in September.

Expenses
- Expenses increased from $1.227 million in September to $1.289 million in October, an increase of $61,750. Expenses per day increased from $211.59 to $212.81.
- Wages increased from $520,383 in September to $540,023 in October. Wages per day decreased from $89.72 to $89.16. This compares favorably to the average for the year which is $92.88 per day.
- Non-labor expenses increased from $520,383 in September to $540,023 in October, an increase of $19,640. Non-labor expenses per day increased from $91.22 to $101.10. The average for the year is $92.88 per day. The following items increased non-labor expenses in October.

In October, CCNH was informed that the County Information Technology (IT) department would be charging $39k for 2013 IT support services. $19.5k will be expensed in October and the remaining $19.5k will be expensed in November. Starting in December, this expense will be accrued monthly.

Maintenance expense included a variety of items including work performed by county maintenance, ice machine repairs, camera system repairs, boiler/chiller repairs, light bulbs and air filters and the hiring of two employees.

Dietary costs were also up in October due to the increased utilization of the dietician consultant and inclusion of three months of billings (August, September and October) from the dietician consultant.
Agency expenses in October totaled $32,928. In the graph below, the red line indicates the corrected expenses for July ($19,839), August ($18,595) and September ($29,010).
Cash Position
The month ending cash balance increased from $478,616 in September to $655,770 in October. Accounts receivable increased from $3.094 million in September to $3.213 million in October. Accounts payable increased from $1.368 million in September to $1.530 million in October.

Cash Projection
An updated cash flow projection is included in the management report. Cash was projected to fall to $440k by the end of November. The actual month ending cash balance was $366,493. The lower number was due to a delay in Medicare payments due to the Thanksgiving holiday. The current cash balance is $629,340.

December’s cash balance is expected to reach just over $1 million by month’s end. There will also be a $245k bond payment in December. The tax anticipation warrant will provide a cash infusion of $900k, which basically replenishes the cash balance at the beginning of the fiscal year.

RE: Budget Amendment 13-00057

The Champaign County Auditor’s Office is requesting a Budget Amendment in the amount of $8076 to offset benefits paid to terminated employees during Fiscal Year 2013.

Please note the following directives from Ordinance No. 779 - Champaign County Personnel Policy and the most recent collective bargaining agreement between the Champaign County Board and AFSCME Council 31 for General Unit Employees:

(Ordinance No. 779)
7-8 FINAL PAYCHECK
Terminating employees will receive payment for accrued vacation and personal leave, and in the case of non-exempt employees for any unused compensatory time, in a lump sum with the regular biweekly paycheck for the final pay period worked. The rate of payment for unused compensatory time shall be based upon the average regular rate received by the employee during the last three years of the employee’s employment, or the final regular rate received by the employee, whichever is higher.

(AFSCME General Unit Contract)
ARTICLE XX - FINAL PAYCHECK
20.00 Terminating Employees will receive payment for accrued vacation/personal leave and unused compensatory time in a lump sum with the regular biweekly paycheck for the final pay period worked. The rate of payment for unused compensatory time shall be based upon the average regular rate received by the Employee during the last three years or the Employee’s employment, or the final regular rate received by the Employee, whichever is higher. Employees who are terminated may be issued an advance payment of their final paycheck at their time of termination.

In accordance with these directives, in addition to their regular earned salaries, I have paid three employees who voluntarily ended their employment with Champaign County during FY 2012-2013. The sums were as follows:

- 23 year AFSCME employee – 207 hours of accumulated leave: $4957 final payment
- 8 year exempt employee – 246 hours of accumulated leave: $5170 final payment
- 1 year exempt employee – 31 hours of accumulated leave: $554 final payment

Total paid to terminated employees: $10,681

Had these voluntary terminations not taken place, this office’s personnel budget would be balanced.

If you have further questions about this Budget Amendment, please do not hesitate to contact me.

Sincerely,

JOHN FARNEY
COUNTY AUDITOR

### EXPLANATION: ADDITIONAL SERVICES RELATED TO EXTENSION OF AUDIT PROCEDURES.

**APPROVED BY BUDGET & FINANCE COMMITTEE:**  
**DATE:**
Memo regarding additional services for November 30, 2012 fiscal year end

With the delay in receiving the Comprehensive Annual Financial Report (CAFR) for FY12 and the fixed asset schedules, the audit report date which was at the end of June or early July typically, was pushed back to October 21. Auditing standards require us to then extend certain procedures through the report date, including searching for unrecorded payables, commitments and contingencies, reading board and committee minutes, updating attorney inquiries, and subsequent receipt work (nursing home). In addition, we had numerous calls and emails over this period to update different departments on the status of the audit and advised on extension requests. We prepared the Data Collection Form this year. Finally, there were numerous revisions to the CAFR this year, some noted internally by the County and some noted by us, that resulted in multiple reviews of certain statements and schedules within the CAFR and a more comprehensive final review to ensure all of the final information was included in the final report.
