I. Call to Order
Committee Chair Langenheim called the meeting to order at 6:30 p.m.

II. Roll Call
A verbal roll call was taken and a quorum was declared present.

III. Approval of Minutes
A. ELUC Committee meeting – September 4, 2014

IV. Approval of Agenda

MOTION by Mr. Kurtz to approve the agenda as distributed; seconded by Ms. Berkson. Upon vote, the MOTION CARRIED unanimously.

V. Public Participation

Eric Sebens – Supported approval of Case 776-AM-13

William Neef – wants the County to control Canada thistle on neighbor’s property as noxious weed and to correct a tight turn radius in a County subdivision cul-de-sac that does not allow a school bus to get through. Additionally, he would like a no parking sign placed in the fire lane of his subdivision.
VI. Communications

None

VII. For Information Only

A. RPC Phone Survey of Fire Chiefs in unincorporated Champaign County

Ms. Monte reported that ten fire chiefs in unincorporated Champaign County responded to the survey and asked for more information regarding building activity within their districts. In addition to regular notification about zoning cases, Mr. Hall will provide quarterly reports about building activity within each fire chief’s district to accommodate their request. Seven out of ten fire chiefs who responded noted that they do not have sufficient time, resources or opportunities to obtain training to inspect facilities for life safety code compliance.

Ms. Petrie asked if any state statutes require rural fire departments to maintain a certain level of safety training. Ms. Monte explained there is no specific legislation in regards to safety training. However, fire chiefs’ districts receive Insurance Services Office (ISO) ratings that they try to improve each rating cycle. In addition to safety ratings, fire chiefs are required by the state fire marshal to comply with life safety code. Ms. Petrie asked if any fire chiefs ask Champaign County for assistance when they are understaffed. Ms. Monte explained that mutual aid agreements are in place to provide support to each fire chief’s district. Additionally, Ms. Monte noted that a letter of correspondence can be sent to the Illinois Fire Chief Association to notify them of any Planning and Zoning activity.

Mr. Schroeder asked if the townships in the county notify the county highway commission of road closures. Ms. Monte speculated that communications are made but could not provide a definitive answer. She offered to follow up with the Emergency Management Agency to see if they have a communications means to share with the fire chiefs.

B. Update: Establishment of a Cooperative Weed Management Area for East Central Illinois

Ms. Monte reported that developments to establish a Cooperative Weed Management Area are underway with geographic boundaries being considered. The Cooperative Weed Management Area is a non-regulatory means to regulate the County’s invasive species problem. The University of Illinois Extension Office will potentially act as a fiscal manager for the Cooperative as they seek grants. Two successful Cooperative programs have been established in Illinois including an area comprised of 18 counties in northern Illinois and 11 counties in southern Illinois. Champaign County can support the Cooperative in many ways including the use of Probation and Court Services to provide community service workers to remove invasive species.

Mr. Schroeder asked if there is a way for the Lincoln Heritage Resource Conservation and Development Council to contribute to the Cooperative. Ms. Monte told the Committee she would notify the Lincoln Heritage Resource Conservation and Development Council to act as a potential partner. Mr. Schroeder noted that Ray Vernon is the Lincoln Heritage Resource Conservation and Development Council’s point of contact.

Ms. Petrie asked if there is any benefit to the rural population in trying to contain invasive species if changes were made in state statues. Ms. Petrie also asked if the establishment of the Cooperative would help introduce new legislation or amendments to combat invasive species. Ms. Monte explained that the Cooperative Weed Management Area will take about a year to establish and does not offer any immediate benefits.

Mr. Harper asked who takes responsibility for the chemicals used on the invasive species if
property is damaged. Ms. Monte explained that the application of herbicides is specifically targeted and not used aerially.

VIII. Items to be Approved by ELUC for Recommendation to the County Board

A. Case 776-AM-13 – Recommendation to Approve to the County Board for Eric Sebens d.b.a. Prairieview Landscaping
   Request: Amend the Champaign County Zoning Map to change the zoning district designation from the AG-1 Agriculture to B-1 Rural Trade Center Zoning District in order to authorize the proposed self-storage warehouse in related Zoning Case 767-S-13

   MOTION by Mr. Schroeder to approve the zoning map amendment for Eric Sebens dba Prairieview Landscaping.; seconded by Mr. Kurtz.

   Ms. Petrie asked Mr. Sebens what purpose the warehouses will serve in relation to his landscaping business. Mr. Sebens noted the decline in demand for landscaping services and explained he will rent the warehouses as self-storage units to members of the community. Ms. Petrie asked if Mr. Sebens has researched the need for warehouses where his property is located and if other warehouses are located near his property. Mr. Sebens explained he has research the demand for self-storage warehouses and there is one new warehouse on the southwest side of Champaign.

   Upon vote, the MOTION CARRIED unanimously.

IX. Monthly Reports

A. August 2014

   MOTION by Mr. Esry to receive and place on file the Planning & Zoning Monthly Reports for August 2014; seconded by Mr. Harper. Upon vote, the MOTION CARRIED unanimously.

X. Other Business

A. Regulation of livestock in urban areas – For Discussion Only

   In regards to regulating livestock, Mr. Hall stated that the State of Illinois does not allow counties to regulate agriculture; however, a minimum lot size for agriculture can be established. Requirements for containment can also be established to control livestock in urban areas.

   Mr. Kurtz asked how large of a problem livestock causes in urban areas. Mr. Hall explained that roosters are not silenced in urban areas and complaints are received quite often.

   Mr. Schroeder noted that local laws allow 6 pullets to be owned on a property, and local businesses are selling chicks each spring that make chickens and livestock easy to acquire. He suggested containment laws be produced to control the problem. Containment can be used to keep livestock in one place and to serve as protection against predators.

   Mr. Hall noted that his staff will research containment laws and report back to the committee.

   Ms. Petrie asked where livestock problems are occurring in the County. Mr. Esry commented that chicken livestock have the ability to escape low containment fences and may be causing some problems. Mr. Schroeder noted that a six-foot-tall fence will keep chicken livestock contained.

B. Control of noxious weeds – For Discussion Only

   Mr. Hall noted one weed on the noxious weed list that is on the invasive plant list. He noted that the Weed Management Area Cooperative can provide information about controlling invasive species. Mr. Hall was concerned that the County wanted to control noxious weeds. He noted it would be large project to undertake
with no minimum threshold set for the amount of noxious weeds controlled under the noxious weed law and many rural properties having some amount noxious weeds.

Mr. Schroeder advised the committee to avoid creating a noxious weed officer position. He noted an ordinance can be drafted to make the Planning and Zoning Administrator responsible for noxious weed decisions and let the Weed Management Area Cooperative seek out noxious weeds. Mr. Hall explained that the Cooperative is not allowed to seek out noxious weeds under state law, and the county is granted greater authorization to control noxious weeds under noxious weed law.

Ms. Petrie asked if Champaign and Urbana have ordinances established to control noxious weeds. Mr. Hall noted that Urbana would control the problem by establishing an area as a natural landscape and removing the noxious weed as a violation. He was unsure of Champaign’s regulations.

XII. Designation of Items to be placed on the Consent Agenda

VIII. A.

XIII. Adjournment

MOTION by Mr. Kurtz to adjourn; seconded Mr. Harper. Upon vote, the MOTION CARRIED unanimously.

FROM: John Hall, Zoning Administrator, Susan Monte, RPC Planner
RE: Proposed Amendments to Ordinance No. 55 Regulation of Businesses Offering Recreation or Entertainment
ACTION REQUEST: For approval at the February 5, 2015 ELUC Meeting

Background

Earlier this year, Zoning Administrator John Hall and RPC Planner Susan Monte met with Sheriff Dan Walsh to discuss a variety of concerns regarding administration and enforcement of Champaign County Ordinance No. 55: Regulation of Businesses Offering Entertainment and/or Recreation.

Concerns Reviewed

1) The Sheriff’s Office was called in the fall of 2013 due to drunken people walking in the roadway on U.S. Route 150, this on the weekend of a private party involving liquor attended by hundreds of persons, generally university or college students, at a business adjacent to U.S. Route 150. The Sheriff expressed concerns that no Recreation & Entertainment license for the event had been issued by the County and that likely there was a lack of supervision, security and parking, or insurance for the event.

2) The County presently issues Recreation and Entertainment licenses, but there are no provisions that allow denial or set any ground rules for size of crowd, security, or traffic issues. The Sheriff requested staff to review how these concerns could be effectively addressed.

Proposed Amendments

Staff reviewed a series of proposed amendments intended to address concerns noted above, with both Sheriff Walsh and with Assistant State’s Attorney David DeThorne. Sheriff Walsh has not yet decided to pursue an amendment specifically addressing public safety concerns. However, as a result of investigating amendments related to the Sheriff’s concerns it became apparent that Ordinance No. 55 could benefit from other amendments not related to public safety. The draft amendments proposed to Champaign County Ordinance No. 55 (Recreation & Entertainment License Requirements) at this time include the following:

1) clarify types of businesses required to apply for a Champaign County Recreation and Entertainment License;

2) require site plan and building floor plan information similar to the premises diagram required for a Liquor License (and in fact could be same diagram used by applicants for the Liquor License application);
Proposed Amendments (continued)

3) require a certificate of insurance for general liability be provided with minimum acceptable
   coverage for bodily injury of $1,000,000 per occurrence, and $3,000,000 for aggregate;

4) adjust license fee; and

5) update legal citations and provide text to clarify portions of the ordinance.

The Draft Ordinance will apply to any license that is approved after adoption of the amendment.

Attachment A contains a strikeout copy of the proposed amendments to Champaign County Ordinance
No. 55.

Public Comments

Amendments to Ordinance No. 55 simply require review at ELUC before being recommended to the
County Board. Licensees have not been made aware of this proposed amendment. At the Committee’s
direction, copies of the proposed amendment could be mailed to all licensees to provide notice of the
opportunity to comment on the proposed amendment at some future ELUC meeting (presumably
February 5, 2015).

ARTICLE II. PROCEDURES FOR COUNTY REVIEW OF APPLICATION FOR ENTERTAINMENT AND RECREATION LICENSE

Section 1. The County Clerk shall prepare and make available for the public application forms for the entertainment and recreation licenses issued pursuant to this Ordinance. The County Clerk shall receive the applications and application fees for licenses under this Ordinance, and, upon approval as required in Article II, Section 5, shall issue the license to the applicant. The County Clerk shall send the original license application to the Chairman of the Environment and Land Use Committee of the Champaign County Board within two (2) days of the receipt thereof.

Section 2. Within forty (40) days of the filing of a complete application with the County Clerk, the Environment and Land Use Committee shall hold an open meeting at such time and place as the committee shall determine; the committee may accept from any source whatsoever oral, written, or any other information concerning the application. An applicant for an entertainment and recreation license is entitled to oral or written notice of the time and place of such meeting; notice shall be presumed upon a showing that written notice was mailed five (5) days prior to the open meeting to the residential address of the applicant provided in the license application. The committee may accept from any source whatsoever oral, written, or any other information concerning the application. If oral, written, or any other information is supplied to the committee by a source other than the applicant, either before or at the open meeting, the committee shall give the applicant an opportunity to examine this information and orally explain or comment on the information at the same open meeting. In its discretion, the committee may allow the applicant to file a written response within such time as the committee shall determine. The committee may require an applicant to answer oral or written questions concerning his or her application at the open meeting provided herein.

Section 3. All meetings, appeals, and hearings concerning applications for licenses under this Ordinance shall be informal and no applicant shall have the right to cross-examine witnesses or a transcript of the proceedings.

Section 4. The open meeting required in Section 2 of this Article may, in the committee's discretion, be any general meeting at which the committee conducts other committee business.

Section 5. Within thirty (30) days of the open meetings held pursuant to Section 2 of this Article or within thirty (30) days of the filing of a permitted response with the Chairman of the Environment and Land Use Committee, whichever later occurs, the committee shall either grant or deny an application for an entertainment and recreation license.
Within the same thirty (30) day period the committee may hold additional open meetings to discuss or receive additional information on an application for a license upon similar notice as stated in this Article.

Section 6. In determining whether to issue an entertainment and recreation license the committee may consider the following factors:

(1) the information contained in the application for a license;

(2) the applicant's answer to oral and written questions concerning the application;

(3) the truthfulness, completeness, and accuracy of the information provided by the applicant;

(4) the purposes for which the applicant wishes to secure a license; and

(5) all other oral, written, or any other information received by the committee at an open meeting held pursuant to this Ordinance.

Section 7. The Sheriff of Champaign County shall, upon request of the Environment and Land Use Committee of the Champaign County Board, investigate and report upon the accuracy of information supplied by an applicant for a license.

Section 8. The committee shall direct the County Clerk to issue an entertainment and recreation license if all provisions of this Ordinance have been complied with. However, if the committee shall find that the applicant has not been accurate, complete or truthful in his application or that he intends to use the license for illegal or fraudulent purposes, a license shall not issue. If the committee shall deny an application for an entertainment and recreation license, the committee shall set forth its decision and reasons therefore in a written registered letter to the applicant.

Section 9. The license issued under this Ordinance shall be effective until December 31st of the year in which the license is issued. Temporary licenses may be obtained for periods of less than one year.
