Others Present: None

MINUTES

I. Call to Order
Committee Chair Esry called the meeting to order at 6:32 p.m.

II. Roll Call
A verbal roll call was taken and a quorum was declared present.

III. Approval of Agenda and Addendum

MOTION by Ms. Petrie to approve the agenda as distributed; seconded by Mr. Goss. Upon vote, the MOTION CARRIED unanimously.

IV. Approval of Minutes
A. ELUC Committee meeting – February 8, 2018

MOTION by Mr. Goss to approve the minutes of the February 8, 2018 ELUC meeting; seconded by Ms. Petrie. Upon vote, the MOTION CARRIED unanimously.

V. Public Participation

Mr. Marsh entered the meeting at 6:35 p.m.

Chris Stohr expressed disappointment that no Counties are represented on the Mahomet Aquifer Protection Task Force. Mr. Stohr recommends the County appoint a representative who will attend these
meetings regularly. Ms. Petrie requested a suspension of the rules so that Susan Monte could respond to a question. Ms. Monte suggested John Hall and RPC review the County Planning Contract to determine whether a staff member could attend the Task Force meetings and report to this Board.

Ted Hartke stated he used to live in Vermillion County until the County built wind turbines near his home. He explained the noise from the wind turbines caused sleep deprivation and forced his family to abandon their home. He reviewed the information contained in the email in the agenda packet. Mr. Hartke requested changes to the existing language pertaining to noise level limits of wind farms. He also recommends similar requirements be used for solar farms.

VI. Communications
Mr. Esry noted Susan Burgstrom is filling in for John Hall, who is attending a Land Use Committee meeting at the Farm Bureau this evening.

VII. For Information Only
A. Land Resource Management Conditions Relevant to Champaign County: 2018 Annual Update

Susan Monte discussed the changes to the E-Waste program. Ms. Monte also called attention to the need for a HHWC program. She noted a correction to the memo in the agenda packet. According to Ms. Monte, the average US household generates more than twenty pounds of household hazardous waste annually.

B. Update Regarding IEPA Used Tire Collection for Local Governments.

Ms. Monte noted the IEPA has a good program for collecting used tires. Ms. Fortado contributed the success of this program to the fact that there are many uses for recycled tires.

C. Zoning Ordinance Noise Limits for Wind Farms and Solar Farms.

Ms. Petrie asked about the noise levels associated with solar panels. Mr. Hartke stated the inverters and transformers are the items that will make noise (in association with solar farms). He recommended the use of fences and noise barriers around them to reduce noise.

VIII. Items to Receive and Place on File by ELUC to Allow for 30-Day Review Period

Ms. Monte referenced the handout she provided to each Board member. She noted there is no change to the map.

IX. Items to be Approved by ELUC
A. Annual Renewal of Recreation & Entertainment License
   i. Tincup RV Park, Inc., 1715 East Tincup Road, Mahomet. 01/01/18 – 12/31/18

   MOTION by Ms. Petrie to approve; seconded by Mr. Marsh. Upon vote, the MOTION CARRIED unanimously.

X. Items to be Recommended to the County Board
A. Subdivision Case 199-18: Eichorst Subdivision – Final Plat Approval of a One-Lot Minor Subdivision for an anticipated Contractor’s Facility to be located in the Southwest Quarter of Section 18 of T20N-R9E in Somer Township and located adjacent to the IDOT Highway Maintenance Facility on Leverett Road.

   Ms. Petrie expressed concern regarding the use of prime farmland.

   MOTION by Mr. Goss; seconded by Mr. Marsh. Upon vote, the MOTION CARRIED unanimously.
B. Zoning Case 873-AT-17. Amend the text of the Zoning Ordinance as follows:

Part A. Amend Sections 7.1.1 and 7.1.2 to require a Special Use Permit for any Neighborhood Home Occupation or Rural Home Occupation that exceeds and/or does not meet the other requirements of Section 7.1.1 or Section 7.1.2 provided that the Home Occupation is not a prohibited Home Occupation under paragraph 7.1.1.i. or 7.1.2.j. and specify that the residential use shall remain the principal use on the property and the dwelling on the subject property shall remain the principal building.

Part B. Amend Section 7.1.1 to authorize “minor auto repair” as a Neighborhood Home Occupation subject to a Special Use Permit when located more than 1.5 miles from a municipality that prohibits “minor auto repair” as a home occupation and subject to several standard conditions including but not limited to a condition that the minor auto repair shall be conducted inside a building and a condition that the total building area occupied by the minor auto repair shall not exceed 1,500 square feet or more than 150% of the dwelling unit area, whichever is greater.

Ms. Burgstrom commented there has been no changes since the last meeting and no further public comments or comments from municipalities.

MOTION by Ms. Petrie; seconded by Ms. Fortado. Upon vote, the MOTION CARRIED unanimously.

XI. Other Business

A. Semi-annual Review of CLOSED Session Minutes

MOTION by Mr. Goss to maintain all as closed; seconded by Ms. Petrie. Upon vote, the MOTION CARRIED unanimously.

XII. Chair’s Report

A. None

XIII. Designation of Items to be Placed on the Consent Agenda

X A and X B

XIV. Adjournment

MOTION by Mr. Marsh; seconded by Ms. Petrie. Upon vote, the MOTION CARRIED unanimously.

There being no further business, Mr. Esry adjourned the meeting at 7:33 p.m.
Memorandum

To: Environment and Land Use Committee
From: Susan Monte, RPC Planner
Date: May 3, 2018
Re: Champaign County MS4 Area Storm Water Survey Results

Action Request: For Information Only

Summary

This memorandum contains information about the Champaign County MS4 Area Storm Water Survey and survey responses received. The survey was distributed in April, 2017 to a random sample of residents living within the identified Champaign County MS4 jurisdiction ‘environmental justice’ areas. Attachment A includes details about survey responses received. A short presentation about survey results will be provided at the May10 ELUC meeting.

Background

Survey Intent. The Champaign County MS4 Area Storm Water Survey was administered to identify citizen concerns related to storm water within the Champaign County Urbanized Area. The Champaign County Urbanized Area includes Champaign, Urbana, Savoy, Tolono, and the all areas located within one half-mile of those municipalities.

The survey was conducted to satisfy the Champaign County MS4 Storm Water NPDES Annual Facility Report identified best management practice requirement regarding Public Involvement/Participation of Environmental Justice Areas within the Unincorporated MS4 Area.

Pre-Test. On February 28, 2017, CCRPC staff mailed a revised version of the Champaign County MS4 Storm Water Survey (Survey) and a stamped return envelope to a small (n = 10) random sample of property owners residing within the Champaign County MS4 Area.

Study Area Population. Champaign County’s MS4 “qualifying” EJ Parcel jurisdiction is comprised of a total of 3909 parcels. Allowing a 95% confidence interval and a 5% margin of error, a random sample size of 350 is recommended for a population of 3909.1

Survey Distribution. On April 18, 2017, a total of 400 surveys were mailed to a randomly selected sample of recipients residing within Environmental Justice areas of the Champaign County MS4 Area. A bilingual copy (English/Spanish) of the survey is available on the Champaign County Department of Planning and Zoning Storm Water Program webpage, and available upon request.

Sample Size. As of June 5, 2017, a total of 73 survey forms had been returned as 'not deliverable.' The random sample called for a minimum random sample size of 350. With 73 surveys not delivered, the sample size totaled 327. Subsequently Director John Hall authorized mailing of an additional 50 survey forms in order to meet the random sample size of 350.
Response Rate. As of June 5, 2017, a total of 67 mailed survey responses and 1 online survey response had been received. A response rate of 18 percent was reached with regard to the mailed survey. A 10%-15% response rate for a survey distributed by mail is considered an average.

A total of 13 respondents indicated they wanted to be notified about the County Board review of survey results, with 10 respondents providing contact info.

Attachment A: Description of Survey Responses
1) Is there a location in the Champaign County MS4 Area or Urbanized Area where you believe storm water drainage causes a problem during or after a rain event?

36% Yes 64% No

If "Yes" please describe location or nearest street intersection, and type of problem caused by storm water drainage.

Of the 26 sets of location or nearest street intersection information received,

- 3 responses were not applicable or not specific enough to understand.
- 13 location/nearest street intersections are located within the Champaign County MS4 Area. These locations are shown in blue in the table that follows.
- 9 location/nearest street intersections provided are located in either the City of Urbana or City of Champaign MS4 jurisdiction.

<table>

</thead>
</table>
| 1 Not specified | n/a | - Storm water in the street that interferes with traffic with any rain.  
- Storm water so deep it may be a safety concern during large rain events. |
| 2 511 Airport Rd | Yes | - Storm water that causes property damage by flooding building(s) during large rain events. |
| 3 Cherry Hills Dr. & Windsor Rd. Entrance of Subdivision, right side as you leave subdivision by little house. | Yes | - Storm water in the street that interferes with traffic with any rain and large rain events.  
- Storm water so deep it may be a safety concern during large rain events.  
- If a medium-heavy rain, the water pools up. In the winter it freezes and its a sheet of ice. Very dangerous. |
| 4 Dobbins & Campbell | Yes | - Storm water in the street that seems to interfere with traffic during large rain events. |
| 5 In my basement (Aztec Place) | Yes | - Storm water that causes property damage by flooding a building(s) during large rain events.  
- Storm water in the street that seems to interfere with traffic during any rain and large rain events.  
- Storm water so deep that it may be a safety concern during large rain events. |
| 6 Under bridge on Vine just south of University Ave. | No | - Storm water in the street that seems to interfere with traffic during large rain events.  
- Storm water so deep it may be a safety concern during large rain events. |
| 7 Scottswood & California Ct. | Yes | - Storm water than causes property damage by flooding a building(s) during large rain events.  
- Storm water in the street that seems to interfere with traffic during large rain events.  
- Storm water so deep that it may be a safety concern during large rain events. |
| 8 Windsor Rd. & Cherry Hills Dr. | Yes | - Storm water than causes property damage by flooding a building(s) during any rain and large rain events.  
- Storm water in the street that seems to interfere with traffic during any rain and large rain events.  
- Storm water so deep that it may be a safety concern during any rain and large rain events.  
- Sometimes the rain freezes at this intersection and I have slid out onto Windsor Road before. This could be very dangerous. |

4) Please feel free to add any other comments you have regarding storm water in the Champaign County MS4 Area or Urbanized Area.

Of the ___ responses received, ___ are within the Champaign County MS4 Area, and the remaining locations are within the Champaign MS4 or Urbana MS4 Areas.

| Comment | 
|---------|---------|
| 1 | I've noticed street flooding during and after rainfall has been an issue since I moved to Champaign in 2008. |
| 2 | The ditches around 511 Airport Rd. need to be redone so the water has some place to drain! |
| 3 | Dobbins & Campbell is much better than it used to be. |
| 4 | Residence on Fields South Road |
| 5 | I work at Fazoli's restaurant and Burger King in Savoy and also Real Estate Agency. I appreciate the survey. Cell phone 217-898-5738. |
| 6 | I am 90 years old and do not get out to observe such condition. |
| 7 | Just because I didn't mention any areas, I am a firm believer in monitoring the watershed areas that surround me. |
| 8 | Rain water does not drain well down Division Street from Thompson to Country Club Rd. in Urbana Township. Water drains down road instead of ditch. Country Club Rd. along Woodlawn Cemetery is a problem area. More of Bradley Ave. from Goodwin to 4th St. is problem area. |
| 9 | Having no problem with excess water. |
| 10 | When it rains hard Cunningham by McDonalds floods, University floods, Springfield floods. Patching up road on Cunningham is horrible! I think Champaign/Urbana road crews are the worse in the U. S. Time to leave Illinois. |

5) Please indicate the nearest street intersection to your home.

A total of 54 survey participants (79%) responded to this question. Fourteen of the 68 survey participants (21%) did not respond to this question.
6) Please indicate the major watershed that you live in.

### Question 7

Would you like to be included on the mailing list?

A total of 13 respondents indicated they wanted to be notified about the County Board review of survey results, with 10 respondents providing contact info.
To: Environment and Land Use Committee

From: John Hall, Director of Planning & Zoning

Date: April 26, 2018

RE: Award of Illinois Housing Development Authority Land Bank Capacity Program Grant to Village of Rantoul

BACKGROUND

At the December 7, 2017, meeting the Committee reviewed a proposed application to the Illinois Housing Development Authority for a Land Bank Capacity Program Grant. The application was proposed to be a joint application with the City of Champaign, City of Urbana, and Village of Rantoul. On December 29, 2017, the County Board authorized participation in the grant application in Resolution No. 10166 for an amount not to exceed $4,500. The application was ultimately submitted by the Village of Rantoul with letters of support from the other jurisdictions and with no planned expenditures by the other jurisdictions.

LAND BANK CAPACITY GRANT AWARDED TO VILLAGE OF RANTOUL

In February the Village of Rantoul was awarded a Land Bank Capacity Program Grant of $150,000.

On April 4, 2018, the Village convened a meeting of interested jurisdictions to discuss how to proceed with the Land Bank Capacity Program Grant.

I will keep the Committee informed about Grant activities.
March 29, 2018

Champaign County Board
1776 E Washington St.
Urbana, IL 61802

Pursuant to 505 ILCS 100/4, the Director of the Illinois Department of Agriculture is issuing this Notice of Noncompliance with regard to certain requirements of the Illinois Noxious Weed Law. Links to the aforementioned statute and associated regulations are shown below. Under their provisions, the governing body of each county is designated as a Control Authority and is to do the following:

1) establish a coordinated program for control and eradication of noxious weeds within the county;
2) conduct an examination of all land under its jurisdiction for compliance with the Act;
3) compile data on infested areas and areas eradicated;
4) advise persons responsible for controlling and eradicating noxious weeds of the best and most practical methods of noxious weed control and eradication;
5) investigate or aid in the investigation and prosecution of violations of the Act;
6) publish notices for control and eradication of noxious weeds as set forth in the Act and rules and as prescribed by the Director; and
7) cooperate with Federal, State, and local authorities in carrying out the provisions of the Act and its rules.

Control Authorities may employ one or more weed control superintendents who must be certified by the Director of the Illinois Department of Agriculture to carry out many of the various activities authorized in the Act including the examination of lands under the Control Authority’s jurisdiction, the investigation of complaints, the issuance of control notices, the creation and submittal prior to December of each year of an annual report, and the creation and submittal on or before the first day of November of each year of a comprehensive work plan for the next calendar year.

Please take a few minutes and review the statute and associated regulations, the status of your current noxious weed control program, and whether improvements might be made to improve its effectiveness.

The statute and associate regulations can be found by following the links as indicated:

If you have any questions or comments, please feel free to contact us at the Department of Agriculture at your convenience.

Sincerely,

Douglas C. Owens, Chief
Bureau of Environmental Programs

To whom it may concern:

Re: Public Notice

The University of Illinois at Urbana-Champaign uses many chemicals in its teaching and research mission. The hazardous waste from this work are stored and treated at a centralized facility called the Special Materials Storage Facility (SMSF) located at 2006 Griffith Drive, Champaign, IL. A permit issued by the Illinois Environmental Protection Agency (IEPA) pursuant to the Resource Conservation and Recovery Act (RCRA) governs the facility. Final disposal of all hazardous wastes takes place at off-site disposal facilities.

The University submitted an application to renew its RCRA Standardized Permit on April 18, 2018. A copy of this Permit Application is available for public review at the City of Champaign City Clerk’s Office, 102 N. Neil St. in Champaign. Hours of operation are Monday–Friday 8:00 am–5:00 pm. During the IEPA review process, some of the information in the permit application may be updated. All materials in the public repository will be updated as this happens.

For more information regarding the permit application, application updates or to be added to the facility’s mailing list, please contact the Division of Research Safety, 101 S. Gregory St., Urbana, IL 61801, email drs@illinois.edu, or call 217-333-2755. For general information on the hazardous waste management permit program in Illinois, please contact the IEPA Bureau of Land Permit Section at 217-524-3300.

Please feel free to contact me if you have any questions.

Application for:
Recreation & Entertainment License

Applications for License under County
Ordinance No. 55 Regulating Recreational &
Other Businesses within the County (for use
by businesses covered by this Ordinance other
than Massage Parlors and similar enterprises)

For Office Use Only
License No. 2018-ENT-26
Date(s) of Event(s): June 1-3, 2018
License Fee: $30.00
Filing Fee: $4.00
TOTAL FEE: $34.00
Checker's Signature: 

Checks Must Be Made Payable To: Gordy Hullin, Champaign County Clerk

The undersigned individual, partnership, or corporation hereby makes application for the
issuance of a license to engage a business controlled under County Ordinance No. 55 and makes
the following statements under oath:

   2. Location of Business for which application is made: Rolling Hills Campground
   3. Business address of Business for which application is made:
      3151A CR 3500E, Polo, IL 61064
   4. Zoning Classification: NS Property:
   5. Date the Business, covered by Ordinance No. 55 began at this location:
   6. Nature of Business normally conducted at this location:
      Campground
   7. Nature of activity to be licensed (include all forms of recreation and entertainment
to be provided):Live music, motorcycle rodeo
   8. Term for which License is sought (specifically beginning & ending dates):
      June 1-3, 2018
      (NOTE: All annual licenses expire on December 31st of each year)
   9. Do you own the building or property for which this license is sought? No
   10. If you have a lease or rent the property, state the name and address of the owner and
       when the lease or rental agreement expires: Rolling Hills Campground
        3151A CR 3500E, Polo, IL 61064 (June 3, 2018)
   11. If any licensed activity will occur outdoors attach a Site Plan (with dimensions) to this
       application showing location of all buildings, outdoor areas to be used for various
       purposes and parking spaces. See page 3, Item 7.

INCOMPLETE FORMS WILL NOT BE CONSIDERED FOR A LICENSE
AND WILL BE RETURNED TO APPLICANT
Recreation & Entertainment License Application

DATE: May 3, 2018
RE: Case 200-18 Lenehan Acres Subdivision

Subdivider: Mary Lenehan, Trustee
Edmund Mitsdarfer Trust
516 Willington Dr
Schaumburg, IL 60194

Engineer/Surveyor: Adam Boothe
Hartke Engineering and Surveying
117 S East Ave, PO Box 123
Ogden, IL 61859

REQUESTED ACTION

The petitioner requests Final Plat approval for a one-lot minor subdivision of a 2.011 acre residential lot for an existing residence out of an existing 37.70 acre parcel located in the AG-1 Agriculture Zoning District in Section 2 of Crittenden Township, located at the southeast corner of IL Route 130 and CR 600 N, Philo.

The proposed lot meets all Zoning Ordinance requirements and the proposed subdivision appears to meet all of the minimum subdivision standards, but the Final Plat does require some waivers. Because there is an existing dwelling with a septic system and there have been no percolation tests recorded on the Final Plat, approval at this time requires the following waivers (See Attachment E: Draft Findings):

1. Waive the requirement of paragraph 9.1.2 q. for percolation test data to be recorded on the Final Plat.

2. Waive the requirement of paragraph 9.1.2 r. for certification of the proposed lot and soil characteristics for private septic disposal systems to be recorded on the Final Plat.

LOCATION, ROADWAY ACCESS, AND LAND USE

The subject property is a 37.70 acre parcel in the Northwest Quarter of the Northwest Quarter of Section 2 in Crittenden Township (see Location Map). The petitioner does not propose any improvements; they just want to separate the residence from the farmland.

The proposed subdivision is bordered by farmland to the west and south, and by residences and farmland to the north and east (see Attachment A: Land Use Map).

APPLICABLE ZONING REGULATIONS

The subject property is zoned AG-1 Agriculture (see Attachment A: Zoning Map). The proposed lot meets the minimum lot requirements; Table 1 below summarizes those requirements:
Table 1. Review Of Minimum Lot Requirements

<table>
<thead>
<tr>
<th>Lot Characteristic</th>
<th>Requirement (or Limit)</th>

<td>200.00 (minimum)</td>
<td>372.75 feet</td>
<td>COMPLIES: EXCEEDS MINIMUM REQUIREMENT</td>
</tr>
<tr>
<td>Lot Depth to Width</td>
<td>3.00 : 1.00 (maximum)</td>
<td>0.59 : 1.00</td>
<td>COMPLIES: LESS THAN MAXIMUM ALLOWED</td>
</tr>
</tbody>
</table>

NOTES
¹ The maximum lot size only applies when the new lots are Best Prime Farmland overall and when the tract to be divided was larger than 12 acres on 1/1/98.

MINIMUM SUBDIVISION STANDARDS AND AREA GENERAL PLAN APPROVAL

The Minimum Subdivision Standards were added to the Area General Plan section of the Subdivision Regulations on July 8, 2004, in Subdivision Case 175-04, Part B, which also added the requirement that any subdivision needed Area General Plan approval except for subdivisions pursuant to a Rural Residential Overlay (RRO) map amendment. Area General Plan approval is only by ELUC. The subject subdivision is not pursuant to an RRO amendment and so Area General Plan requirements are applicable.

Attachment C reviews the conformance of the proposed subdivision with those standards, and the proposed subdivision appears to meet all of the minimum subdivision standards and thus appears to comply with the Area General Plan requirements.

NATURAL RESOURCE REPORT / SOIL CONDITIONS

A Natural Resource Report from Champaign County Soil and Water Conservation District was not required for the proposed subdivision because the area is already developed as a farmstead.

The Soil Survey of Champaign County indicates that the subject property contains two soil types: Drummer Silty Clay Loam (152A) and Elburn Silt Loam (198A). The soils are best prime farmland on average.

DRAINAGE, STORMWATER MANAGEMENT POLICY, AND FLOOD HAZARD STATUS

The subject property is located in Drainage District #1 - Crittenden. The drainage district was notified of the proposed subdivision. No part of the proposed lot contains any portion of the drainage ditch right of way.

The Subsidiary Drainage Plat received May 1, 2018 (Attachment D), indicates elevations for the proposed lot
and adjacent roadway.

The existing property is not located in the Special Flood Hazard Area.

The proposed subdivision is exempt from the Stormwater Drainage Plan per Section 4.2 F. of the Storm Water Management and Erosion Control Ordinance.

PUBLIC IMPROVEMENTS

No public improvements are indicated or required in this subdivision.

WATER WELLS AND SOIL SUITABILITY FOR SEPTIC SYSTEMS

No septic system or well information was provided at the time of application. The petitioner’s engineers are working to provide that information.

### AGRICULTURAL COMPATIBILITY STANDARDS (Section 6.1.5 b.)

1) Possible driveway locations on each LOT must be limited such that driveway entrances to existing public STREETS are centralized as much as possible consistent with good engineering practice.

**APPEARS TO CONFORM.** This subdivision is for an existing home and the driveway is already established.

2) The location of a SUBDIVISION on the larger tract from which the SUBDIVISION is proposed must maximize the separation of the proposed SUBDIVISION from:
   i. adjacent farmland that is under different OWNERSHIP at the time of SUBDIVISION; and
   ii. adjacent public parks, natural areas, or nature preserves

**APPEARS TO CONFORM.** The subject property is the location of an existing house, and there are no public parks, natural areas, or nature preserves adjacent to the subject property.

3) The SUBDIVISION LOT arrangement must minimize the perimeter of the SUBDIVISION that borders adjacent agriculture and must be located next to adjacent residential LOTS whenever possible.

**APPEARS TO CONFORM.** This subdivision is for an existing home and is adjacent to another residential lot.

### Notes
1. This preliminary assessment is subject to review by the Environment and Land Use Committee. A waiver is required for any Minimum Subdivision Standard to which the Committee determines that the Plat does not conform.
2. The minimum required lot area is one acre (43,560 square feet).
DRAFT FINDINGS FOR WAIVER OF FINAL PLAT REQUIREMENTS

As required by Article Eighteen of the Champaign County Subdivision Regulations and based on the testimony and exhibits received at the meeting held on May 10, 2018, the Environment and Land Use Committee of the Champaign County Board finds that:

1. The requested subdivision waiver(s) of final plat requirements WILL NOT be detrimental to the public health, safety, or welfare or injurious to other property located in the area because:
   
   A. The farmstead house on the proposed Lot 1 was constructed prior to 1973 and already has a septic system.
   
   B. There will be no new dwelling established as a result of this subdivision.
   
   C. Topographic information has been provided.

2. Special conditions and circumstances DO exist which are unique to the property involved and are not applicable generally to other property and granting the subdivision waiver(s) of final plat requirements will not confer any special privilege to the subdivider because:

   A. This is a one lot subdivision of an existing farmstead that will not result in any new dwelling or the need for a new septic system.
   
   B. These waivers are not prohibited by the Subdivision Regulations and could be requested for any subdivision with similar conditions.

3. Particular hardships WILL result to the subdivider by carrying out the strict letter of the subdivision requirements sought to be waived because:

   A. This is a one lot subdivision of an existing farmstead that will not result in the need for a new septic system. Requiring that percolation test data and the statement regarding suitability being recorded on the Final Plat would increase the subdivider’s costs and slow down the approval process with no gain to public health or safety.

4. The special conditions, circumstances, hardships, or practical difficulties DO NOT result from actions of the subdivider because:

   A. The farmstead dwelling was constructed prior to 1973; the owner passed away and the current trustee seeks to separate the residence from the adjacent farmland.
RECORDING AGENT DESIGNATION

State of Illinois

) S.S.

County of Champaign

I, Theodore P. Hartke, Illinois Professional Land Surveyor No. 3594, in accordance with PAB-0705 (The Plat Act) do hereby designate the County of Champaign as the recording agent for the Final Plat of Lenehan Acres Subdivision. A true copy of said plat has been retained by me to assure no changes have been made to said plat.

Dated this 26th day of April, 2018

Theodore P. Hartke
Illinois Professional Land Surveyor No. 3594
SURVEYOR'S CERTIFICATE

STATE OF ILLINOIS

COUNTY OF CHAMPAIGN

I, Theodore P. Hartke, Illinois Professional Land Surveyor Number 3594, do hereby certify that I have surveyed, in accordance with the laws of the State of Illinois, and with the Ordinances of the County of Champaign, for Mary Lenehan, Trustee, the following described property, to-wit:

Part of the Northwest Quarter of the Northwest Quarter of Section 2, Township 17 North, Range 9 East of the Third Principal Meridian, more particularly described as follows:

Commencing at a Rebar in Vault at the Northwest Corner of the Northwest Quarter of Section 2, Township 17 North, Range 9 East of the Third Principal Meridian; thence N.89°09'48"E., a distance of 39.78 feet, to a Disk in Vault at the Southwest Corner of Section 35, Township 18 North, Range 9 East of the Third Principal Meridian; thence N.89°24'34"E., along the North line of said Northwest Quarter, a distance of 29.20 feet to the Point of Beginning; thence continuing N.89°24'34"E., along said North line, a distance of 372.04 feet to a Spike; thence S.00°14'16"E., a distance of 222.73 feet to an Iron Pipe, thence S.81°55'18"W., a distance of 393.50 feet to a Rebar on the East Right-of-Way line of Illinois Route 130; thence N.88°21'21"W., along said Right-of-Way, a distance of 6.41' feet; thence N.01°14'01"E., along said Right-of-Way, a distance of 218.80 feet to a Rebar; thence N.30°26'23"E., along said Right-of-Way, a distance of 35.01 feet to a Rebar at the intersection of said Right-of-Way and the South Right-of-Way of Township Road 269A; thence N.01°23'25"E., along the East Right-of-Way line Illinois Route 130, a distance of 25.09 feet to the Point of Beginning, encompassing 2.225 acres, more or less, all being situated in Champaign County, Illinois.

I further certify that I have subdivided the same into 1 lot, numbered 1, the streets, right-of-ways, and easements as shown on the attached plat.

Unless noted otherwise, iron pins identify all lot corners as shown on said plat and all measurements are given in feet and decimals thereof. All streets and easements designated on said plat are dedicated for public use.

Said subdivision is to be known as "Lenehan Acres Subdivision", Champaign County, Illinois.

I further certify that the foregoing plat accompanying this certificate correctly represents the above described property as subdivided.

I further certify that no portion of said subdivision lies within 500 feet of any surface drain or water course serving a tributary area of 640 acres or more.

DRAINAGE STATEMENT

Theodore P. Hartke, Registered Professional Engineer, and Mary Lenahan, being the trustee of the Edmund F. Mitsdarfer Trust, owner(s) of the premises heretofore platted by Theodore P. Hartke, Illinois Professional Land Surveyor No. 3594, to be and become the “Lenahan Acres Subdivision” in Champaign County, Illinois, do hereby state that to the best of their knowledge and belief, the drainage of surface waters will not be changed by the construction of said Subdivision, or any part thereof, or that if such surface waters drainage will be changed, reasonable provision has been made for collection and diversion of such surface waters into public areas or drains which the Owner has a right to use and that such surface waters will be planned for in accordance with generally accepted engineering practices so as to reduce the likelihood of damage to the adjoining property because of the construction of the Subdivision or Planned Unit Development.

I further certify that no portion of this subdivision lies within a Special Flood Hazard Area, as identified by the Federal Emergency Management Agency.

Subject: [SPAM] Lenehan Acres Sub

Dear Ms. Burgstrom,

I contacted Jonathon Manuel this past Friday (27 April) afternoon at Champaign County Soil and Water Conservation District. He informed me that since there were no physical improvements being made there was no need for him to create a report for our project.

Best regards, Adam

From: Susan Monte, RPC Planner
        John Hall, Champaign County Planning & Zoning Director
Date: May 2, 2018
Re: Proposed Minor Amendments to the Champaign County Land Resource Management Plan

Action Request: Recommend County Board Approval

This request is to propose minor amendments to the Land Resource Management Plan (LRMP) as provided in Work Plan ID 18-3 and Work Plan ID 18-4 of the FY18 County Planning Contract.

Work Plan ID 18-3 addresses LRMP Priority Item 1.3.1:
Based on the annually prepared report of trends and new developments, provide a recommendation to ELUC regarding minor LRMP map changes each year. Provide public notice of LRMP changes and invite public input regarding proposed changes.

Work Plan ID 18-4 addresses LRMP Priority Item 2.1.1:
Review municipal limits and contiguous urban growth area boundaries with municipal representatives on a regular basis in order to update LRMP Future Land Use Map and Land Management Area Map boundaries.

Proposed Minor Amendments to LRMP Volume 1 Existing Conditions and Trends Report
We propose a minor amendment to LRMP Volume 1, Chapter 5: Public Sanitary Sewer and Private Wastewater Disposal; Public Water Service and Private Wells to include a basic overview regarding county authority to manage solid waste in Champaign County, and information about landfills and transfer stations used by waste haulers providing services within Champaign County. The proposed minor amendment will revise the Chapter 5 title to add “and Solid Waste Management” and add text at the end of Chapter 5. Attachment A contains a draft of the proposed Chapter 5 amendment.

Proposed Minor Amendments to LRMP Volume 2 Land Use Management Areas Map
The proposed minor amendment to the LRMP Land Use Management Areas Map is an update to both municipal boundaries and corresponding 1-1/2 extraterritorial jurisdiction (ETJ) boundaries based on most current CCGIS Consortium GIS data. The corporate limit and ETJ boundaries on the LRMP Land Use Management Areas map are typically updated on an annual basis. A copy of the proposed updated LRMP Land Use Management Areas Map will be provided on the LRMP website and available prior to the March 8, 2018 ELUC meeting.

RESOLUTION NO.________
RESOLUTION OF THE CHAMPAIGN COUNTY BOARD
ACCEPTING A GRANT FROM THE ILLINOIS HOUSING DEVELOPMENT
AUTHORITY ABANDONED PROPERTIES PROGRAM

WHEREAS, the County Board of Champaign County, an Illinois unit of local government met on May 24, 2018 and adopted the following Resolutions all of which are in accordance with the laws of the State of Illinois:

WHEREAS, the Illinois Housing Development Authority (the “Authority”) has issued to Champaign County a certain Conditional Commitment Letter (together with any amendments thereto, the “Commitment”), pursuant to which the Authority has agreed to issue a grant from the Abandoned Residential Property Municipal Relief Program (the “Program”) in an amount not to exceed 40,000 and 00/100 Dollars ($40,000.00) (the “Grant”) and Champaign County will use the Grant funds solely and exclusively for eligible activities in connection with the Program and for no other purpose; and

WHEREAS, the Champaign County Board deems it to be in the best interest of Champaign County to accept the Grant;

THEREFORE, BE IT RESOLVED, the Champaign County Board hereby authorizes the acceptance of the Grant; and

FURTHER RESOLVED, that the Champaign County Board is authorized to accept the Commitment and enter into a Program Funding Agreement for the Program (the “Agreement”) with the Authority wherein Champaign County agrees to perform Program services in return for the Grant; and

FURTHER RESOLVED, that the Champaign County Board hereby accepts the Grant, agrees to deliver and/or execute the Commitment and the Agreement and any and all other instruments, certifications and agreements as may be necessary or desirable for Champaign County to perform all of its obligations and duties under the Program (including any amendments, other agreements or supplements); and

FURTHER RESOLVED, that C. Pius Weibel, the Chair of the Champaign County Board, without the necessity or requirement for the signature of another person, is hereby authorized, empowered, and directed to execute on behalf of Champaign County, the Commitment, the Agreement and all other documents and instruments relating to the Grant to be delivered to the Authority in connection with the closing of the Grant and take such further action on behalf of Champaign County as they deem necessary to effectuate the foregoing Resolutions; and

FURTHER RESOLVED, that the Champaign County Board hereby ratifies, authorizes, confirms and approves any prior action of Champaign County taken in furtherance of the foregoing
Resolutions and any and all documents and instruments previously executed on behalf of the Champaign County Board in connection with the Grant.

PRESENTED, ADOPTED, APPROVED, AND RECORDED this 24th day of May, A.D., 2018.
